

## Scientists Sent Abroad for Advanced Study, Investigation, or Participation in International Symposium

| <u>Name</u> | <u>Country</u>               | <u>Date</u>                                  | <u>Purpose</u>  |
|-------------|------------------------------|--|---|
| Kuo F. Y.   | Netherlands                  | May 20-<br>Jun. 18                           | Attend 2nd International Workshop on the Crop Production in Greenhouse.   |
| Lee C. P.   | Japan                        | May 24-<br>Jun. 22                           | Study on the Observation and Application Techniques in Agrometeorology.   |
| Hsieh S. C. | Korea<br>Austria<br>Malaysia | Jun. 17-<br>Jun. 29                          | Attend the International Conference on Application of Organic Fertilizer on Crop Production and on Mutational Breeding.   |
| Lin S. S.   | Thailand                     | Jul. 9-<br>Jul. 17                           | Hybrid Seed Production and Processing of Sorghum.   |
| Kao T. C.   | U.S.A.<br>Japan              | Jul. 1-<br>Jul. 22                           | Attend the Academic Symposium for Overseas Chinese in North American and Presented Paper at International Conference on Protected Flower Crop Production.           |
| Chang S. J. | Philippines<br>Korea         | Aug. 21-<br>Sep. 1                           | Received OWRS Awards from IRRI and Attend International Conference on Rice Research in Korea.   |
| Tseng S. H. | Japan                        | Sep. 9-<br>Sep. 20                           | Survey of Supply and Demand as well as Quality Criterion, Production, Processing, and Marketing of Buckwheat and Peanut.  |
| Kao T. C.   | Malaysia                     | Nov. 25-<br>Dec. 5<br><br>Dec. 8-<br>Dec. 25 | Attend the Symposium on Hydroponic Culture on High Economic Horticultural Crop in Tropical Region.<br>Attend the Symposium on Transformation of Farming Techniques. |
| Lin J. H.   | Philippines                  | Oct. 21-<br>Nov. 3                           | Supervise the United Agricultural Development Co. for Grape Production.   |
| Huang S. C. | U.S.A.                       | Aug. 12, 87-<br>Feb. 11, 91                  | Study on the Plant Breeding and Biotechnology.  |
| Hong M. C.  | Japan                        | Nov. 6, 90-<br>Nov. 5, 93                    | Study on the Improvement of Rice Quality.   |
